THIS CERTIFICATE IS AWARDED UPON COMPLETION OF SURRENDER PREVENTION CERTIFICATION WORKSHOP PRESENTED BY DR. RACHEL GELLER. As a Surrender Prevention Specialist, you are prepared to set potential surrenderers and their cats on the road to a happy relationship together and keeping the cat in their home. Participants have learned to empathize with cat owners, working around their limitations (financial, time, patience) and to focus on techniques to address the 3 most common reasons for surrender: litter box problems, scratching, and intercat aggression.
